Artichoke

There is only one difference between this artichoke and our artichoke

A DRIZZLE OF THE BEST
EXTRA VIRGIN OLIVE OIL.

The CAPRICHOS DEL PALADAR **artichoke flower** is as natural as a **freshly harvested artichoke**. In fact, we preserve them in **extra virgin olive oil** and **freeze** them as soon as they arrive at our factory, in order to preserve the maximum freshness.

The CAPRICHOS DEL PALADAR **artichoke flower**, a product that saves you time and waste and is therefore very profitable, is the natural way to have the best fresh artichokes all year round in your restaurant. And it looks **spectacular** on any dish.

Burger

THE BURGER
THAT ISN'T **PLANT BASED**
BUT IS **PLANT PLANT**

IDEAL FOR: EVENTS. IN-FLIGHT CATERING. ORGANISED CATERING. GOURMET FOOD TRUCKS, ETC.

The NEW **premium fresh artichoke burger** by CAPRICHOS DEL PALADAR is something else.

It is an **exquisite and carefree** way of enjoying the best artichoke, that tastes of artichoke and only artichoke (because it's made with artichoke and a little thickener – that's it). But of course you can add all your creativity and combine it with your secret sauce, that bread only you know about and whatever you want, to make it your very personal creation.

The authentic fast good burger is here!

Pepper

There is a saying in Spanish
which suggests that
a pepper
is something
unimportant

But we care a great deal about the **quality** of all our products,
including each of our **peppers**.

For this reason, we carry out an exhaustive selection of each fruit, we roast them with real firewood and we macerate them gently in muscatel wine, which gives them a **unique flavour** that anyone who tastes them will fall in love with.
